DAILY SENTINEL.

WM. E. PELL, Proprietor.

From the Warrenton Indicator.

PETER NEY.

A correspondent of the Raleigh *Sentinel* has recently stood by the grave of a Frenchman in the County of Rowan, who, he says, always claimed to be the veritable Michael Ney, one of Napoleon's greatest Marshals:

"His own account was, that he was sentenced to death, but that through the interference of friends at Court, the execution was a sham. He was put into a coffin; instead of being buried, he was taken to the coast, thence to America, and that he sought the interior for privacy.

Certain it is, they say, he was a martial figure, a fine French scholar. He taught school in Rowan, and always maintained that he was the genuine Marshal Ney."

We clip this paragraph from the Wilson *North Carolinian*. The editors refer to the statement of "Itinerant" of the *Sentinel* and say:

"We have often heard this singular individual spoken of, and it is not altogether improbable that he was what he represented himself. Many people in that section of country earnestly believe it."

So have we heard often about this very remarkable character, and purpose to lay before our readers what a friend twenty years ago told us about him. When at the University of N. C., a gentlemen well known for ability and varied accomplishments, was our intimate friend. On several occasions he entertained us with some pleasing reminiscences concerning the strange school-master to whom he went in his younger days. The Frenchman was then teaching, (if we remember aright,) in the county of Cabarrus, some six miles from Concord. He boarded in the family of Mr. H——, a brother-in-law of our friend. His name, as he always wrote it, was Peter Ney. He came to North Carolina about the year 1814. He was an accomplished and able man with some striking peculiarities. He was for long years a regular contributor to the *National Intelligencer*, the only paper he read. His articles bore the impress of a gifted and cultivated mind. He was a noble looking man, his figure and features being alike imposing. He would never receive but a certain sum for teaching. If his school brought in more than the regular amount he was willing to receive, you could not induce him to avail himself of it. He was a good teacher, first-rate disciplinarian, but expected his boys to "turn him out" once a year. If they accomplished this feat with skill and courage, he seemed well satisfied; if however, they betrayed timidity and awkwardness in their attempt, he took offence. Another feature in his government, was his promptness to flog a boy if he was known to tamely accept an insult. He admired boldness and intrepidity of spirit. Now and then, once or twice a year, he indulged himself in drink. He lived to a green old age, and just before his death, burned every paper that was of any interest or could throw light upon his mysterious antecedents. He was a worshipper of the great Napoleon, and when the news came that his son was dead, the old schoolmaster went to bed and grieved for a week. He was in constant correspondence with distinguished personages in France, the letters he received always being sealed with wax and stamped with a court-of-arms indicating rank. He had a magnificent gold pencil case, surmounted with a huge head, the engravings and seal of which proved it to have once been the property of some royal or other person eminent for rank. He acknowledged that he had been a soldier of Napoleon, and was in the fatal retreat from Moscow. He was thoroughly familiar with all of Napoleon's campaigns. On one occasion, he drew a plan of the battle of Waterloo upon the smooth sand bank of a stream recently at freshet, and being under the influence of liquor, pointed out where his command was, saying that *he* was Marshal Ney. He minutely described the action and pointed out the mistakes of the English historians in their accounts of that decisive battle. He afterwards told the two gentlemen, to whom he made the confession, to forget what he had said.—This, according to our recollection, our informant said, was the only time he ever set up any claim of being the brilliant Marshal of the Empire. We will mention one other circumstance connected with this uncommon character. When bent with age, he overheard an Irishman abusing Napoleon.—He fired up at once, and straightening himself to his full height, with quivering lip and flashing eye, he asked the Irishman if he knew anything about the quarter staff. An affirmative reply being given, he and the offender were soon hard at it, and after a few passes or licks, the Irishman fell sprawling under a heavy blow from the fiery Frenchman's staff. Our friend did not know how to regard his old schoolmaster. Whether he was the genuine Marshal Ney or not, he could not say, but that he was a very remarkable character there could not be any doubt.

One word more as to Marshal Ney's death. Our friend once relating the particulars of Peter Ney's life in N. C. to Colonel Laurasnouski, a Pole, who fought under Napoleon with distinction, but afterwards a Lutheran preacher in the United States, found in him an exceedingly attentive listener. The Colonel was clearly of the opinion that Marshal Ney was never shot, but escaped after a mock death, to this country. He was anxious to see Peter Ney, and felt satisfied that he could easily identify him, if really he were the great Marshal. But they never met. The school-master died, and the mystery connected with his life lies buried with him. There is now none to make it plain.

We have written after twenty years have passed since we first heard the particulars given above. We have tried to be accurate in our recollection, but may, in some particulars, have varied from the story as we heard it. Pliny Miles, a traveller from the North, visited Western North Carolina once, for the purpose of investigating all the circumstances and particulars connected with Peter Ney. We met him afterwards, and he told us that there was a great deal of evidence to establish the identity of Peter Ney with Michael Ney, the Marshal of France. If our friend, who we are glad to know is fond of letters, and occasionally contributes excellent articles to the *Land We Love*, will take as his next theme, "Peter and Michael Ney Identical," or "Marshal Ney identified in the strange French school master of Cabarrus," he will be able no doubt, to throw more light upon the subject than any other living writer can throw. We hope to see yet from his facile and graceful pen, some reminiscences of the remarkable old man who taught him in his boyhood.

Boots and Shoes, Boots and Shoes.

The largest and best stock I ever brought to the City, consisting, in part, of J. Miles & Sons' make and others of equally high standing.

Ladies' Pegged Balmorals, from $1 to $2.
Ladies Sewed Balmorals, from $1.50 to $3.50.

CREECH'S is the place to come to buy your Boots and Shoes.

Hats, Hats, Hats,

From 75 cts. to $4.00. Don't stop until you come to CREECH'S to buy your Hats. In fact, I think I can meet the expectations of all my customers and the public generally, both as to price and quality of ALL Goods.

Now a few words to my customers and friends: You see a great many different styles of advertisements. Some say they are in "nick again;" some say they have "hit the nail on the head;" some "selling out at cost," some to "make room for a new stock;" some one thing and some another. But allow me to say, whether I am in luck, or whether I hit the nail on the head, or whether I missed the nail entirely, or failed to advertise "selling out at cost," *I have sold out my old stock*, (while *they* are still hammering away over their old stock,) and have been North and bought a new stock. My goods are now in Store, and opened for inspection.

COME AND LOOK AT THEM.

I told my customers, six months ago, that I would sell goods as cheap as Yankee, Jew or Gentile, and I think I have made my word good.

I told the people to come to Creech's to buy their goods, that I would serve them right. Hundreds have come, and they are still coming from this and adjoining Counties. And there take the privilege to say, I think they have shown their good judgment.

Don't forget to come to

Great attention paid to consignments of Cotton, Corn, Wheat, Roots, &c. &c. All produce forwarded at the lowest possible rates.

☞ To insure transportation over this Inland Fast Line, mark all goods, whether Northward or Southward bound, "Via Petersburg."

SATURDAY, NOVEMBER 9, 1867.

CONSERVATIVE TICKET FOR THE CONVENTION IN WAKE.

HON. DANIEL G. FOWLE,
REV. BENNET T. BLAKE,
PRIESTLY H. MANGUM, Esq.
Dr. JNO. A. McLEAN.

THE CANDIDATES.

The Radical and Conservative tickets for the Convention have been made up in this County and the names have been duly announced. Every one will be struck with the remarkable contrast between the two, in their ability and fitness for the important position for which they have been selected.

THE CONSERVATIVE CANDIDATES.

It is seldom that a ticket has ever been selected in Wake County, composed of gentlemen better fitted, in all respects, than the Conservative ticket. Of Judge Fowle, whose reputation as a sound jurist and gentleman of ability and worth is as wide as the State, we need not speak.

Rev. Bennett T. Blake is a popular minister of the Methodist Church, who has enjoyed the confidence and esteem of the people of Wake for forty-five years. His fine sense, sound judgment and ability, and his genial and amiable spirit, commend him to every man. All parties, both white and colored, can rely upon him for a faithful, honest and able discharge of the duties imposed upon him, and may expect from him full justice.

P. H. Mangum, Esq., of Wake Forest, is a most worthy citizen, a man of fine intelligence and sound judgment, honest and capable, and devoted to farming and the progress of the State. He is drawn forth from the quiet of home, to serve the people, and will do it well.

Dr. John A. McLean is a most popular and worthy gentleman and physician in his district—a man of sterling sense, with an honest Scotch face and an irreproachable record. His name is a tower of strength in Cumberland and Harnett, but for some years he has been a practicing physician in Wake.

The ticket, perhaps, has the most unexceptionable record of any ever brought before the people. With the exception of Judge Fowle, none of those on it have ever been in political life, and he but little. It is an honest, working, Conservative Union ticket, and one above reproach or assault from any quarter. Let every Conservative determine to elect the entire ticket.

THE RADICAL TICKET.

It would seem that the Radical ticket in this County was a *forea put*. Not one of the candidates can pretend to lay any claim to fitness for the position to which they aspire. If they are a sample of what the Radical members in the Convention will be, it will be a reflection upon the State, which has heretofore selected her ablest, wisest and best men for that high position.

Mr. Joshua P. Andrews is a modest, unpretending *artist*, who has been in this City for some years, but who, perhaps, is less known by its citizens than any other man who has lived two years in the place. His nomination was as unexpected to the people, as, we presume, it must have been to him. His retiring habits have been such as to make his fitness for public position unknown and unappreciated. If *he* is prepared to take part in the difficult and responsible work of framing the organic law of the State, then, indeed, ever hereafter, the people may expect "to bring blood out of a turnip." He, of course, must endorse the Radical platform, and yet we learn that some of his supporters here claim that a few of his personal friends will vote for him, because he is utterly opposed to *universal negro suffrage*.

Rev. S. D. Franklin is a young man and a young local preacher in the Methodist Church, of very moderate intelligence or education, but is esteemed as a good man. He is perhaps the most out-and-out Holden man on the ticket—a close student of the *Standard*, and a disciple and pupil of Mr. Holden, since 1860, in all political matters. As far as he can represent Mr. Holden in the Convention, Mr. F. will no doubt do it, to the extent of his ability.

Mr. B. S. D. Williams is, we are told, an elderly gentleman, an old farmer, an industrious man and a particularly tight old negro-driver. We do not know him. We have, however, heard an insurmountable objection to Mr. Williams, and it is our duty, as public journalists, to call his attention and that of the public to the rumor. We understand that Mr. Williams' conversations, for years, have made the impression upon the people that he is an *Infidel* in sentiment, an unbeliever in the Bible as a Divine revelation. It is further stated that rumor charges him with being an Atheist, an unbeliever in the existence of a God. If there be any truth in these rumors, we shall feel ourselves compelled to oppose his election with unusual vehemence. But if the rumor be untrue, we hope Mr. Williams will take the earliest opportunity to contradict it, and we tender him the use of our columns to do so.

J. H. Harris, the only colored nominee on the ticket, is a native of the State, born free, who went to the State of Ohio, some years ago, there obtained some education, and is much gifted in gab. The extent of his knowledge, or the amount of his ability, we are unable to determine, having very little acquaintance with him. Months ago, he claimed to be a Conservative man, but he could not have received the nomination, if he had not been known as a Radical. The colored people are proud of Harris, on account of his *smartness*, but many of them do not seem to confide fully in him. The *prejudice of color*, so strongly and falsely charged upon the white people of the South, is twenty times as strong in the colored race as in the white; hence, we conclude, that whatever the colored people may say against Harris, this *prejudice of color* will lead them very generally to vote for him. If numbers could entitle voters to say who should represent them, it appears to us that simple justice entitled the blacks to three colored candidates on the Radical ticket, but the screws were put on, and Harris stands alone!

LET HIM TRY IT!

"Whom the Gods wish to destroy, they first make mad." This old maxim has grown to be a platitude, but it is as true now, as when it was first uttered. An insane desperation always precedes suicide, and the impending shadows of ruin and destruction cloud the mind and darken the vision.

The editor of the ultra-Radical sheet, in this City, a few days after the late Ohio election, with crazy impotence beating the air, threatened the people of that State that negroes "*shall* yet vote" in their midst.—We expect now to hear him throw a similar wild and silly menace into the teeth of the "loyal" people of Kansas and Minnesota.

Mr. Stevens, with one foot in the grave, broken down in body, but boiling over with venom and hate,—a sad spectacle of senility devoured by evil passions,—announces his intention of crawling to Congress, if necessary, for the purpose of introducing a bill to force negro suffrage upon *all* the States of the Union. He discards his former theory that such a measure is extra constitutional, and now justifies it on the ground that the Howard amendment has been adopted by a sufficient number of States to secure its incorporation as a part of the Constitution; whereas it has not received the sanction of anything like three-fourths of *all* the States, and Mr. Stevens knows it as well as anybody else. He has gone "mad,"—the surest evidence that he and his party are tottering to their fall.

We hope that Mr. Stevens will attempt to carry his threat into execution. It has been stated, upon the authority of Mr. Raymond, of the New York *Times*, that unqualified negro suffrage never has received the sanction of any Republican caucus which has been held, but that it was only under the pressure of extraordinary circumstances, that the views of the minority on that question prevailed in the adoption of the military acts. The recent elections are full of warning to the Congress, that the extreme views of the Radicals are abhorrent to the feelings, temper and judgment of the American people. Their effect must be to curb the wild frenzy of party madness, to check the rage of fanaticism, and to impress upon that body the emphatic and unmistakable determination of the great masses of the North, that this country shall continue to be governed in the future, as in the past, by the white and superior race. Does Mr. Stevens, or any one else, suppose that the representatives in Congress from the States which have just expressed their unequivocal condemnation of the Congress and its course, will now vote to fix upon *their* constituents that negro equality which they have so indignantly repudiated?

The days of Radicalism are numbered. Its doom is sealed. Its dissolution will progress steadily and rapidly. And nothing will tend more surely to so desirable a consummation than an attempt to force negro equality upon the white people of the North, against their will, and in defiance of their protest, so grandly uttered at the polls in the late elections.

THE NORTH CAROLINA RAILROAD.

The Secretary of the North Carolina Railroad has sent us a statement of the receipts and disbursements of this Road for the months of August and September last, compared with the corresponding months of last year:

RECEIPTS FOR 1866.

Months.	Passengers.	Freights.	Mails.
August,	$14,943 54	$26,828 51	$929 17
September,	15,226 20	28 535 26	929 16
	$30,169 74	$55 063 77	$1,858 33

RECEIPTS FOR 1867.

Months.	Passengers	Freights.	Mails.
August,	$15,005 73	$26 807 46	$1,393 75
September,	14,880 53	36.191 56	1,393 75
	$29,884 26	$62,999 04	$2,787 50

This shows an increase of $8,578.96 for the two months over last year. The greatest improvement, however, is in the exhibit of expenses. The total expenses of the Road for the months of August and September, of last year, were $126,461.34, while the total expenses of the corresponding months of the present year amount to only $72,663.41—showing a decrease of expenses of $53,797.93. This is an encouraging exhibit, and shows that great economy has been practiced the present year.

At the late election in Kansas, Mrs. Cady Stanton and Susan B Anthony, who have been canvassing the State in favor of female suffrage, visited the polls of each Ward in Leavenworth, and addressed the voters. They were accompanied by a band of singers, who sang some of their campaign songs and were received in every precinct with cheers for woman's rights. Female suffrage is defeated by a large majority, but it received a much larger vote than negro suffrage.

The Bureau and its Knobs.—The President of the State "Reconstruction" Convention of Alabama, now in session at Montgomery, is one Captain Barber, of the Freedmen's Bureau; the Clerks are Harry Pabreck, also of the Bureau, and Moses Avery, a negro; and a negro bar-keeper is Door-keeper. Sixteen negro delegates are in the Convention.

The Radical majority in Boston, last year, was 4,998. The Democratic majority, at the late election, was 1,488. Throughout the State, the Democrats have celebrated their virtual victory by bonfires and processions.

Peter R. Davis, Esq., announces himself, in the *Courier*, as a candidate for the Convention in Warren County.

LETTERS OF "ITINERANT."

WEBSTER, N. C., Nov. 1, 1867.

I drove out of Waynesville with a regret. The health, the scenery, the people, all draw upon a stranger's grateful feelings.

The country all along is one unbroken scene of beauty. Ponce de Leon should have directed his course to this region, for his followers. Even the rivers, creeks and lakes are as clear as glass. I have not yet seen a muddy stream, west of the Blue Ridge. The French Broad comes nearer to it, probably, as it is the deepest. But clear water, fat cattle, healthy men, women and children, fine horses, good milk, and good cheer, mark the country over.

If there be deficiencies that rise above all others, I would pronounce them to be the lack of *Railroads* and *People*.

WEBSTER

Is the county seat of Jackson. It was commenced just before the war. Little or nothing has been done since. It presents an unfinished aspect, yet it lies in a valley of the same indescribable beauty that lies along the whole route of this State Turnpike—the grandest mountain scenery, with the corresponding savannah land lying between the ridges. This town, like Waynesville, is literally hemmed in by a circle of mountains. The villagers lose sight of the sun, long before it sets. It falls behind the mountains, and is sunset here perhaps an hour before the bright sunlight disappears from the neighboring peaks.

In Webster, as at every other point, there is a deep and ceaseless sigh for a Rail Road by which the produce of the country may be taken to market. I would hardly want a more convincing appeal to the capitalists of this country, for a Rail Road from Morganton to West Tenn., than this: that moneyed men get into conveyances at Morganton, and drive leisurely through, along this State Pike, out to the southwestern extremity of our beautiful old State, to see the country and hear the people talk,—hear their deep sighs for transportation.

Is it fair? These people cannot succeed, unless they are enabled to compete with the sections which have Rail Roads. They cannot get a wagon price for corn, whilst others are able to put down their corn at a Rail Road price.

Seven miles from Webster, Mr. Jno. B. Allison has, I learn, a very rich deposit of Carbonate of Copper—supposed to contain twenty-eight per cent of the metal. But ore is a circumstance in all this country. Iron, Copper etc., are found anywhere and everywhere.

PASTURAGE.

The pasturage afforded by nature, in these western counties, is a most interesting feature in the country. It is very *abundant*. Almost everywhere a range can be had on the mountains, extending several miles. A pen is made at some central point, containing a number of salt boxes, in which the salt intended for the cattle is placed. The cattle are driven in a few evenings, until they learn the intention of the pen. After that, they come up regularly every evening, and spend the night there. Early next morning they are turned out, and they extend their ranges over several miles. The wolves rarely attack cattle during the day, and by being in the pen at night, and a herdsman near, the wolves are kept from them.

The pasturage consists of a great variety of natural growth, among them the wild pea, which grows extensively in our western counties.

It these mountain sides were cleared, plowed and put in clover and other grasses, as is the case in Western Virginia, the capacity for breeding cattle in North Carolina would be as great as is the case in Virginia, and our State would become as noted for cattle raising as Virginia itself. As it is, a great many head of cattle are driven from North Carolina while young, say two years old, to the richer pastures of Virginia, where they are kept until four years old, and are then taken to market for beef. Thus maintaining our old reputation for being feeders of other people!

WOOL.

Your correspondent is disappointed in his expectations, as to the number of sheep he hoped to see west of the Blue Ridge.

Wool growing does not receive its due share of capital here. It has been proven that America produces as fine wool as Saxony, Silesia, or any part of the world. Here is a proof: Wool is measured by the number of fibres it makes to the inch. Fifteen hundred dollars was once paid to the celebrated Prince Esterhazy, of Hungary, for a buck ram, to breed sheep in America. This Prince owned three million sheep, and was a prince among European wool growers. But the ram only yielded less than sixteen hundred fibres to the inch, whilst American sheep made wool that took near twenty-two hundred fibres to cover an inch. America consumes over twenty millions of pounds of wool annually, for home manufactures. The demand is great and must continue.

The average yield of wool is three pounds to the sheep—the lambs extra. At present prices, this wool is worth one dollar. The increase of lambs and their wool is equal to another dollar. The sheep will cost a trifle in these mountains, where they feed themselves, perhaps nine months, out of twelve. Few things pay as well.

HOPS.

Hops grow wild in this part of North Carolina. What would they do if cultivated? A very enterprising man in Forsyth has the culture of this bloom under consideration. He has learned that it can be made to pay five hundred (500) dollars to the acre.

The truth is, North Carolina is suffering from the lack of a greater variety of productions. There ever has been a tireless panting among our farmers and planters, for Cotton and Tobacco. Expensive fertilizers are *bought*, instead of *made*, to raise them, regardless of all consequences.

This would be just the thing for us, if we had Calico Printing going on among us, and also Tobacco Factories at home. But this is not our good fortune. We spend more in N. C. for cotton fabrics after they are made up, than we get for the cotton we raise.

Any land that will produce corn will produce hops. It is said to yield one thousand pounds to the acre. At 15 cents this would yield $150 per acre, even at this average. Hops are now much above this old figure, I think. The New England States have made $3,000,000 worth of hops in 50 years.

Land that will yield Indian corn will yield broom corn. This is worth 12 to 15 cents a pound.

Is it good policy for a man to plant his whole place in cotton, tobacco, or any one thing, and purchase corn, hay, meat, flour, wool, flax, brooms, leather, and everything he needs for the farm?

Nature has given us soil and climate for seven-tenths of all we need. I have eaten excellent meals and slept on the best of beds, at places where almost every article of food and raiment was made on the premises.

An acre of land will yield four hundred pounds of flax. This, at twenty-five cents a pound, gives one hundred dollars an acre, and ten bushels of flax-seed, at one dollar and a quarter a bushel, will pay nearly for the dressing of the flax.

It will not cost *fifty* dollars to raise *five hundred* dollars worth of clover, counting the seed. A single acre will yield a ton and a half of clover, worth thirty dollars, and two bushels of seed, worth twenty dollars more. Yet, not five dollars of labor will it cost; hardly the half of it.

White Navy beans, at one dollar a bushel, (selling now at a dollar and a half,) would be a handsome crop, for land that is adapted to them, to say nothing of the vines, which make excellent food for stock.

Just as long as we raise only certain kinds of things, and sell them in the raw state, and buy *five hundred* articles to every *two* we sell, we will remain poor people. Mark the prediction! ITINERANT.

For the Sentinel.

CATAWBA COUNTY.

GENTLEMEN:—Allow us a small space in the columns of your invaluable paper for comment on the "*great*" address to the citizens of this county, by the committee appointed by the so called "Union Republican" party, organized at Newton, on the 5th day of Oct., 1867.

The addresses were published by the hundred, at the office of the "truly loyal" Dr. H. M. Pritchard, (the office-seeking Virginian) free gratis, we suppose,—they being intended to open the eyes of the "blind, ignorant Democrats" of Catawba county.

First, we object to the address, because the authors are not native born citizens of Catawba county, and are, therefore, not entitled to the authority they have usurped, to advise the people of this county the proper course (in their weak opinion) to pursue in the future.

Let us look at that Committee. First, who is Geo. McNeil? Why, he is Billy Holden's Catawba correspondent. He, together with his father's family, moved to this county, about the outset of the late war, and, like his leader "Billy," seemed to be "red hot" for the secession of North Carolina; and, as he followed "*William*" into the path that led to secession, of course his "consistency" requires him to follow his leader out; and as the only path marked by "Billy" is that of "Mongrelism," of course poor "Georgy" must comply.

We will next notice Wm. Laurence, (not *Lowrance*, as published in the address.) Of him we know but little, but, being a very small potato, little is required. His father's family moved to this county in 1863, while poor William was in the army, and was supposed to have left High Point, because of the scarcity of "hog *meat*" at that place. He made his exit from this county rather suddenly, some time since, because distilling (without paying tax) against the express orders of his radical friends would not pay. William seems to have inherited the patriotism of his father, for he joined the U. L. A. immediately upon its organization, and holds to it with a terrible tenacity, because, in that society, he finds fit associates.

The third and last of this Committee "kindly protests against the bitterness of party prejudices which have characterized some persons in this county for past years."

Very good advice. "Physician, heal thyself!" Every one who knows him, knows full well that there never was a man, (not even "Thaddeus," himself,) who cherishes more hatred and antipathy for the Democratic party, than Dr. Mott. He advises us to ground arms like Longstreet, poor fellow, who waded through the blood of thousands of brave men to office and honor, and has since sold it for less than a "mess of pottage" for "Radical" office.

We are sorry to say that there are men in this county, like Longstreet, who are willing to bow at the feet of the political "Moloch" of usurpation, and lick the feet of the oppressor for a few crumbs, as the cheap bought Dr. Pritchard, editor of the *Union Republican*, has done,—ready, at all times, to denounce Conservative meetings and Conservative journals for trying to save the country, in the vain hope of reaping favor from Kelly, Ashley, Butler, Boutwell, Thaddeus & Co. Poor fellow! he groped in the dark a long time, trying to find the current, and has, at last, (as he supposes,) found which way the popular breeze is blowing, but, ere another two years roll round, poor P's seeming bright star of anticipation will have set in defeat and disappointment. But enough has been said in regard to the publisher of this "truly loyal" address. We will turn our attention to the kind-hearted committee again.

They deny that Catawba County belongs, "politically, to a few individuals, protesting against the assumption of right on the part of a select few to control the county in the way it has been."

My dear Committee, who ever claimed that right? No one, until you unfurled the X. F. G. policy here! Catawba county was peaceful and quiet (politically.) No jangling,—always voting right,—but now you come to disturb her tranquility, trying to persuade her citizens to abandon the "old tried" and true policy, for something unsound and unconstitutional,—for a policy that has bound the hands of the judiciary and laid hands heavily upon the executive; but the people will not be deluded much longer. The late elections tell us that there is a *Juvenal and Seneca* still pleading for Constitutional Liberty. The spirit of American liberty has not fled yet, but the success (final) of the party which you are trying to build up in North Carolina, under "Billy," will strike the death knell to Constitutional Liberty. Will you not, then, cease to aid in building up the party who tax the poor man to enrich the manufacturer and bond-holder? Will you not cease striving to build up the party whose success is destruction? We hope you may see your error and turn from it before it is too late.

To you, fellow-citizens of Catawba, we will look for the spirit that has heretofore actuated you, to vote for the proper man, regardless of his former party—Whig or Democrat—and hope you will still continue to be governed by its healthful influence, despite the chicanery used by your enemies to lead you astray.

Yours, &c.,
MANY VOTERS.

The Result in Massachusetts.—Massachusetts adds her voice to the general chorus of States in singing the downfall of radicalism. The republicans claim a majority of about twenty thousand for their candidate for Governor—a falling off in his last year's vote of forty-five thousand. Governor Bullock is as popular now, personally, as he was in 1865, when he carried the State by forty-nine thousand, or in 1866, when his majority was over sixty-five thousand. But the splendid majorities of the last six years are destroyed by the folly and recklessness of radicalism, and by the fanaticism which marks republican rule. The Legislature is reported to be anti-prohibition.—*N. Y. Herald.*

The rout of the Radicals was so overwhelming on Tuesday that their very Citadel was carried by assault; Democratic banners to day are waving over Boston, and in blood-stained Kansas the men who sharpened John Brown's insurrectionary pikes have pronounced against the Africanization of this continent through the instrumentality of negro suffrage. Since the wrath of angry divinity fell upon the Assyrians, and the rising sun looked down upon a mighty host which perished in a night, there has been no parallel to the terrible yet righteous chastisement which has at last been visited upon the most wicked and merciless of modern parties.—*Rich. Examiner.*

A fool in Brownlow's legislature has introduced a bill to "increase and protect loyalty" by making it penal to harbor or sell pictures of Mr. Davis or Gen. Lee.

The Troops and the People in Richmond.—I learn that the possibility of trouble between the negroes and the white people in the South is causing some excitement in Richmond. The negroes, by means of their secret society, are thoroughly organized, and are fully under the influence of the most depraved and reckless white men in the South. In the event of trouble between the races, the women and feeble men will be made useful in the manner pointed out to them by their incendiary leaders. The subject is engaging the attention of military officers in Richmond.—*Wash. Cor. N. Y. Herald.*

The Election in New Jersey.—One of the most significant signs of the election yesterday was the result in New Jersey. It will be seen that the democrats have secured a majority on joint ballot in the Legislature against a republican majority of eleven last year. In this State there were no side issues like the Excise law; but the plain question, "For or against negro suffrage?" was bluntly put to the people, and we have seen the result. The question has been answered as positively in the negative as it was in October by the people of Ohio.—*New York Herald.*

The swinish "delegates" who have been sent up by eight hundred negro leagues to disfranchise, tax and confiscate the white men of Virginia will, by attempting in the face of the recent elections to commit these crimes, render their access to the Penitentiary more easy than to the places of power in this old Commonwealth.—*Richmond Examiner.*

The Radicals say that, on Thanksgiving Day, they will give thanks that President Johnson is to go so soon out of office. We shall give thanks for the good he will no doubt do before going out and for the fact that no Radical is likely to succeed him.—*Prentice.*

Bismarck is six feet in height, with broad shoulders and chest, round, florid face, large blue eyes, and a loud voice. He is described as the image of a rollicking prize fighter.

The following appointments have been made by the Conservative candidates for the Convention in this County. We understand that the Radical nominees have been invited to meet them at the various places named, and it is understood that they will do so.

The people of the County, white and colored, are invited to turn out and hear the discussions:

CONSERVATIVE EXECUTIVE COMMITTEE FOR WAKE:—Messrs. H. O. Parker, Chairman; Jeptha Horton, J. H. Separks, Peter Fleming, Alvis Sorrell, J. P. H. Russ, R. C. Badger, M. A. Bledsoe, G. H. Alford, Berry Bagwell, Ruffin Holder, Reuben Fleming, J. B. Neathery, G. H. Faribault, N. J. Whitaker, Wm. Laws, and J. J. L. McCullers.

NEW ADVERTISEMENTS.—Hoskins vs. Vanhorn: Court notice from Tyrrell County.

Labor Saving Pump, Builders' Materials, Agricultural Implements, &c.: Mitchell, Allen & Co., Newbern.

Neat Cottage Residence for rent for the next year: Apply to Mrs. A. M. Gorman.

Flour and Bacon—Reduction in Prices: Douglas Bell, Market Square.

REGISTRATION IN THE CITY.—Registration for the last four days: Whites 48; Blacks 41.

Remember that this is the last day.

OFFICIAL REGISTRATION OF N. C.—The official exhibit of Registration in this State is as follows: Whites 103,060; Blacks 71,657. White majority 31,403. This is better than we expected. We shall publish the detailed statement, by Counties, to-morrow.

A FRIEND informs us that the Radical organ in this City, published on yesterday afternoon, is as dumb as an oyster on the subject of the late elections. It does not even allude to them in its *news* columns.

BANKS' AND AUBURN.—We learn that the canvass at these two precincts opened finely for the Conservative ticket. There was a considerable attendance of people, white and colored, at both places. There are not half a dozen white Radicals in the two Districts combined, and there is good reason to hope that a number of the more sensible colored people will see what are their true interests.

FRANKLIN COUNTY.—Messrs. W. K. Davis and Jno. E. Thomas are the candidates for the Convention, in Franklin, who will be voted for by the Conservatives. They have entered upon an active canvass. Both gentlemen are popular, and we have hopes of their success.

Mr. James Wilson, the white Radical nominee in the County, has declined to run. The only Radical candidate now in the field is a negro. Franklin, under Gen. Canby's appointment, is entitled to two Delegates.

NEW PUBLICATIONS.—We are indebted to Messrs. Williams & Lambeth, Fayetteville street, for the following recent works:

Smith's Complete Etymology of the English Language: This impresses us as a valuable book—embracing not only the derivatives from the Latin and Greek, but all the Anglo-Saxon, French, Dutch, German, Welsh, Gaelic, and other roots, and the words derived therefrom.

A Fourteen Weeks' Course in Chemistry, by J. Dorman Steele, A. M., Principal of Elmira Free Academy: The object of this volume, which is to make the science of Chemistry a pleasant study, which the pupil can master in a single term, seems to be, so far as we can judge, by a superficial inspection, successfully met.

Both volumes are handsomely printed and neatly bound.

HON. JEHU BAKER.—This gentleman, M. C., from Illinois, spoke to a large audience, at Tucker Hall, last night. We regret that we should have been misinformed as to his *status* and have announced him as a *moderate* Republican. It is enough to say that he was introduced by the X. P. G., and attended by some of his satellites. The whole speech was of a puritanico Radical type. He was listened to respectfully by our citizens, whose proverbial politeness restrained them from manifesting their displeasure. The negroes appeared to be pleased, though he shot over their heads as high as a kite would fly in a stiff breeze.

His attempted reply to Judge Fowle was both weak and illogical, and must have impressed every man of ordinary intelligence as such.

NOBLE UTTERANCES.

If Manton Marble, of the New York *World*, had never written anything else, the following eloquent and generous utterances would stamp him as a "man of mark." They are as creditable to both his heart and head, as they are just and timely within themselves:

"The South has indeed erred; but this is no time to rehearse the catalogue of its faults. Theirs was the error of generous, manly, public-spirited men, who bravely confronted great perils and incurred great losses in what they believed to be a just cause. Their belief may have been a grievous error, but grievously have they atoned for it. They are our countrymen, and we must forgive them. They are the victims of domineering insolence, and we must fix our attention on their virtues. If, while there was hope for their mistaken cause, they fought like men, they also submitted like men when they saw it was lost. The conduct of their returned soldiers was orderly and admirable. Instead of infesting the country with maraunding bands, they scattered in silence to their poverty-stricken homes, and bore themselves as quiet citizens. We cannot bestow on them greater praise than to say that their conduct was as orderly as that of our own patriot soldiers; and this praise they fully deserve. Though they returned not in triumph but in humiliation, not to plenty but to poverty, they made no attempt to subsist by rapine, but betook themselves at once to the pursuits of honest industry. The common valor with which our countrymen on both sides fought brings a feeling of regret that they should have exerted such heroism against each other; but the equal virtue with which both armies passed at once to the tranquil pursuits of civil life, can excite no sentiments but unalloyed admiration and pride. It was an illustrious proof of the fitness of our citizens, both North and South, for republican institutions.

With all their errors, our Southern brethren were never for a moment disloyal to republican ideas. They adopted with eleven States precisely the same system of government which their fathers and ours put in operation with thirteen. They maintained their State governments precisely as they were before, and in uniting the States in a new confederation they readopted the federal Constitution almost word for word. They did not abjure republican ideas; they merely attempted to set up a new republic on the same model as that from which they seceded. They did not renounce the true faith and become political heretics; they only sought to conduct the same form of worship in a new edifice. They therefore need no conversion to fit them for readmission to the national communion.

It is high time to revive the proud memories of better days. For a great part of what is glorious in our history and valuable in our institutions the country is indebted to Southern citizens. Washington, who led our armies to success in the Revolution, and gave us a country, was a Southerner. Madison, who was as truly the father of the Constitution as Washington was of his country, was a Southerner. Marshall, the greatest of our jurists, the creator of our constitutional jurisprudence, was a Southerner. Jefferson, who secured for us all that vast portion of our territory which lies West of the Mississippi River and about its mouths, was a Southerner. What names have we ever had in the North to be weighed against these, whether we consider the greatness of the men or the magnitude of their services? American citizens have reason to blush when they permit republican institutions to be supplanted by a military despotism in the home and over the honored graves of these illustrious architects of their country's greatness."

GEN. WOOL'S OPINION OF THE RADICALS.

Major General John E. Wool thus expresses himself in a recent letter:

"Nor has Congress or the Government of the United States the right to force a State or States out of the Union, that has been admitted and recognized as a State or States. Individuals, but not States, may be punished for treason and other crimes. With the Radicals the Constitution is but a rope of sand, to be destroyed if they cannot force upon the South to place the negro, (four fifths of whom are as ignorant of the institutions of the country as the mules they drive,) on an equality with the white men, and but yesterday their masters. Opinions and prejudices which have existed for centuries cannot be changed in this generation, much less in a day, month or year. It is asking for more than human nature can bear. The Northern people will never submit to such a degradation. They are as much opposed to it as the people of the Southern States, excepting those only who are abolition demagogues, whose maxim is 'rule or ruin.' They embrace the Dantons, Marats and Robespierres of the Union.—Rather than not rule they would leave their country a howling wilderness for the want of more victims to satisfy a raging thirst for blood."

The General adds:

"In conclusion, I am exceedingly anxious to have the Southern States restored, and participating in the legislation of the country. The sooner that is done, the sooner we will become a greater, and, I trust, a wiser people."

THURLOW WEED ON HUNNICUTT.—Thurlow Weed says in his paper, if ever there was need of the united action of conservative men, it is when the ideas that find expression in the triumph of a Hunnicutt become the controlling elements of a State election. With the white vote disgusted, and the black neophytes following the dictation of such a leader, responding to his fiendish appeals with applause, and warning blacks and whites who oppose their wishes to leave the State, we have an election "humor" which portends only evil to the whole country. It remains to be seen what such men are capable of in framing the organic law of a State, but when ignorance and fanaticism combine to make the law, there can be little hope that either decency, justice, good order, civil rights, or the public welfare will be deemed worth a moment's consideration. It is the nature of such creatures as Hunnicutt to grow more exacting, insolent and intolerant, and his success as a power in the Old Dominion will encourage him to indulge in national aspirations, and to prefer claims to the consideration of a National Convention, backed, as he may be, by the electoral vote of several States.

But, in good sooth, there is work for conservative men to do. Congressional Reconstruction is bearing its bitter fruits. Radicalism fails in its first trial. The counsels of wise and temperate men, who love country more than party success, must be adopted or the future will be as ruinous as the present is shameful.

THE IMPEACHMENT QUESTION.—The Washington correspondent of the Philadelphia *Press* writes that the majority report of the House Judiciary Committee will be against the impeachment of the President. A minority report favoring impeachment, signed by Messrs. Thomas, Lawrence, and Williams, will be rendered. In short, the committee stands now as it did before the recess. Both reports will be ready to be submitted on the 21st instant, the first day of the session.

Official information at Headquarters shows that 14,000 whites failed to register, and only 5,500 persons are disfranchised in all Virginia.

GENERAL GRANT AGAIN.

WASHINGTON, Nov. 8, P. M.

The fog, with which Gen. Grant allows himself to be surrounded, is more dense than ever this morning. A widely published *special* makes him say, through a friend, who had a prolonged interview with him, that he is greatly annoyed; that Washburne has no authority to speak for him; that, for a long time, he has ineffectually endeavored to shake Washburne off.

In opposition to this, there are the facts that Washburne domiciles with Grant, and that, yesterday, Gen. Rawlings, Grant's Chief of Staff, presented Washburne with a cane made from the tree under which Pemberton surrendered to Grant at Vicksburg.

A Radical Senator, of the most ultra school, claims that Grant suits him, and it is stated that the article in the *Chronicle* was preceded by a long consultation between Logan, Thayer and Washburne, during a part of which Grant was present.

The *Herald's* special has the following:

"I learn to-night that an ex-member of the Cabinet presented to Grant, to-day, Forney's editorial on the Presidency, and asked him if he endorsed it. It is said Grant disapproved of some of the article, and declared he had not authorized Forney to speak for him."

The *Tribune* says editorially: "As human life in New York is too short for any body to read five columns of the *Press*, we have reduced Col. Forney's points to three:

1st. Gen. Grant succeeded Mr. Stanuton as Secretary of War—this being an act of rare sagacity and courage.

2nd Gen. Rawlins believes in Grant.

3rd. E. B. Washburne believes in Grant.

4th. Senator Thayer, of Nebraska, believes in Grant.

MONTGOMERY, Nov 8th, P. M.

The Reconstruction Convention, on a test vote, has tabled, by a vote of 45 to 42, a proposition to abolish the present Provisional State government, within twenty days.

An ordinance was introduced and referred to an appropriate Committee, to organize a Provisional government for the State, and vacating all important State offices, on the 1st of January next; the Provisional government to be appointed by the Convention, who shall fill all offices by the appointment of men who can subscribe to the test oath.

A resolution was introduced and referred, proposing to disfranchise all persons implicated in the murder of Union men during the war.

CONSERVATIVE CONVENTION.

COLUMBIA, S. C, Nov. 8, P. M.

A Conservative Convention of white citizens, representing twenty Districts of the State, has just adjourned, after a session of two days. It was the ablest and most influential body that has convened in the State for several years. Gen. Chesnut presided. The address to the people of the country was prepared by a Committee of twenty and submitted by Chancellor Inglish. It is a strong document, describes the condition of the country and protests against negro supremacy. It was unanimously adopted.

DR. J. J. LAWRENCE—*Dear Sir*—Please send me immediately per Express to Tarboro, two dozen more bottles of your Rosadalis. I have carefully examed its Formula, and have used it in my practice in a number of cases. I am well pleased with it. I think it, beyond doubt, the best Alterative I ever used. I have tried it in several cases of Scrofula and Scrofulous Affections, &c., with much satisfaction to myself and patients. I have also used it in Secondary and Teritary Syphilis, (one a terrible case of eight years' standing,) in which it acted with surprising and satisfactory effect—making a quick and thorough cure. I have, therefore, no hesitation in recommending it to Physicians and others, as the most reliable Alterative now known.

Respectfully yours, &c.,

A Wonderful Cure of Scrofulous White Swelling.

HOME CERTIFICATE.

I hereby certify, that last September I was attacked with White Swelling of the left knee—and also with an enlargement of the glands of the neck—[one tumor reached a large size.] The swelling of the knee was enormous, and was attended with the most excruciating pains. I was so reduced that I was confined to my room over three months. My leg was so completely drawn up, that I could not bend it at all. I tried various remedies, and they failed to give me any relief. I was in this condition when I commenced taking Dr. Lawrence's Rosadalis. The swelling in the knee and neck began to subside before I took all of the first bottle. By the time I took the second bottle, the swelling of the neck entirely disappeared and that of the knee nearly so. After taking three bottles I found myself completely well—able to walk as well as ever, &c.

Rosadalis cures Carbuncles, Boils, Pimples, &c.

Certificate from an old and much respected citizen of Greene County, now a resident of Wilson, N. C.

I hereby certify that, during the summer and fall of 1866, that I was severely afflicted with Carbuncles—having had as many as fourteen large Carbuncles, and twelve ordinary Boils. I suffered so much from them that I could not get out of the house half the time for several months. Being induced to try Dr. Lawrence's Rosadalis, I was entirely cured by the use of one bottle of that truly valuable medicine.

Consumption, in its Early Stages, can be Cured.

BALTIMORE, Md., March 4th, 1867.

Dear Dr. Lawrence—My daughter having been cured of a deeply seated disease of the lungs by your "Rosadalis," I feel it my duty to make the fact known to you for the benefit of others. She suffered nealy two years with a hard cough, which troubled her day and night; at last the emaciated form, glossy eye, night sweats, together with the cough, told too plainly that it was *Consumption*, beyond question, eating at her vitals. Our Physician's remedies brought no relief. She was advised to try your Rosadalis, as a tonic, which she did—imagine my surprise and gratification, when I found her appetite returning. Slowly she regained her strength, her cough and night sweats gradually ceased, and she is now, after taking five bottles of your medicine, apparently as well as ever.

Yours respectfully,
MRS. E. ANN SMITH.

Rosadalis cures all Skin Diseases.

Salt Rheum Cured! Remarkable Cure!!

DR. LAWRENCE, Wilson N. C.:

My Dear Sir—For the last ten years (until recently) I suffered with an inveterate eruption of the skin—called by physicians "Salt Rheum," with which I suffered terribly; the pain and itching was almost intolerable. I tried several of the best physicians in Europe and this country—have visited several celebrated Springs—spent thousand of dollars—and failed to get any better. In December 1866, being in Charleston S. C., I was told by a gentleman at the hotel, that he had been cured of a bad tetter by a medicine called "Rosadalis." I resolved to try it, without any hope though of its doing me any good. I procured a bottle of Messrs. King & Cassidey, and commenced taking it. Finding, to my surprise, that I was improving, I bought four other bottles; but before commencing on the last two, I found I was completely well—the disease having entirely disappeared.

Enclosed find "One Hundred Dollars," which please accept as a token of my gratitude. Why do you not make your invaluable Rosadalis widely known?

Your sincere friend,
W. T. SELTZER.

Major John W. Dunham, one of the editors of the Wilson "North Carolinian," says in the issue of the 20th April, 1867: "I believe from personal experience, that the Rosadalis is the finest tonic ever prepared."

SATURDAY, NOVEMBER 9, 1867.

(From the New Orleans Times.)

ASA HARTZ ON OYSTERS.

The oyster is sometimes good to eat, but can't register and vote. He grows in out-of-the-way places, where the tide ebbs and flows as often as it wants to in twenty-four hours, and he seems to like it.

He has a curious and at the same time playful habit, at certain times, of opening his shell and attracting to his presence the hungry raccoon. On such occasions the cuss of a raccoon surreptitiously inserts his paw into the open shell, to haul the oyster out; whereupon the latter clamps down on him like the devil, and holds him there till the tide rises and drowns him.

I don't know what he does it for, but I have the authority of several editions of natural history—with colored plates—for saying that such is the fact, and also that no raccoon has ever been known to survive this hydropathic treatment.

The oyster must be of an extremely social disposition. They sleep numerously in one bed, and nobody ever heard of one kicking another out. They are a quiet set, and though they often open their mouths, have nothing to say. A great many self important politicians of the present day are suffering with the same complaint.

Their religious principles are strikingly evident in the fact that they all belong to the Hardshell persuasion, and although strictly addicted to cold water, as a general thing, the principles of that creed are often seen when a dozen of them are found clustered around the neck of an old empty bottle, which some mean white man has emptied and thrown overboard.

In his normal state the oyster is quiet and anything but fussy, but when brought into towns and cities he often gets into a broil or a stew, and although McCool himself would be unable to close his "eye," the poor thing suffers muchly from this getting into hot water.

His temperance proclivities will make him take even salt water when he can't get fresh, and his diet, outside of that raccoon foible mentioned above, is exceeding light.

People eat oysters. Some are preferred in the live state and some in the cooked.—They are dog-on'd good both ways. The most approved and highly satisfactory way of eating an oyster is to do it after the shell has been opened. I have known people to fail signally who tried it the other way.

There are two ways of making an oyster open unto you. One is to knock him like the mischief with a brick until he can't help it, and the other is to tickle him with a thing like a bowie-knife. The first named plan will always succeed, but the oyster does'nt like it, and the result is not satisfactory to the man who does it.

I tried the other process once, and succeeded in taking off one half my left thumb with the bowie-knifeous instrument used for tickling. I have not tried it since. Not many people know how to do it, expertly.

You then put pepper-sauce on him, if lemons are ten cents a piece. They are both good if you like it.

I don't know how many oysters I can eat in a given time; but am willing, after due notification, to try it for the benefit of any unprejudiced individual who has a barrel or two on hand and an expert to use the opening instrument.

In conclusion, the oyster is like a clam, only a little more that way. He can hold on tighter, is more hefty in his general build, and there is more diversity in his style of architecture.

I think I shall go out and get some.

ASA HARTZ.

P. S.—I should have stated that some people eat oysters in August; but they are principally illiterate persons who spell that month "O-r-gust." A. H.

A GOOD ANECDOTE.—Judge ——, of Baltimore, is an able and a pious man. He knows for what the island of Jamaica is chiefly celebrated, and thinks with Lord Byron, that "the two things most consolatory to fallen men are rum and true religion."

Disdaining to imbibe perpendicularly in bar-rooms, he keeps a demijohn of concealed Otard in his office, and there slakes his thirst as inclination prompts. The judge has a son who knows his father's habits, and emulates them with filial assiduity. On a Sunday morning the judge would say:

"Well, Rufus, going to the First Presbyterian with me this morning?"

"No, father, I reckon I'll go down to the Second Methodist."

But on his way to that edifice, Rufus uniformly stopped at the office, unlocked the old gentleman's private closet, and indulged himself with pleasant fluid.

Every Sunday morning the Judge repeated his laudable inquiry, but Rufus preferred the Second Methodist. The Judge soon began to notice a marked diminution in the contents of the demijohn, and rightly suspected who was the culprit. The Judge emptied the remaining liquid into another vessel and placed it in a secluded place.—Next Sunday morning came the usual interrogatory:

"Going with me this morning, Rufus?"

"No father, I reckon I'll stick to the Second Methodist."

On reaching the office and taking hold of the demijohn, he not only saw with disgust the empty jug, but noticed a small piece of white paper attached to the handle, on which was legibly inscribed these words:

"Second Methodist closed for repairs!"

After church father and son met, and looking curiously at each other, smiled a little smile, but said nothing. The "repairs" on that Methodist building have not yet been completed. So Rufus avers.

I enjoy a good laff, one that rushes out ov a man's soul like the breakin up ov a Sunday School; but a laff that comes tu the surface as the hickups come, or backs out ov a man like the struggles ov a chicken choked with a chunk of half wet doe, I utterly lament.

There ain't no poetry in poverty, but eny number of feet of blank verse.—*Josh Billings.*

Gen. Canby's Election Order.

HEADQ'RS SECOND MILITARY DIST.,
CHARLESTON, S. C., Oct. 18, 1867.

General Orders No. 101.

By the terms of the Act of Congress entitled "An Act to provide for the more efficient government of the rebel States," passed March 2d, 1867, and of the Acts of March 23d, and July 19th, 1867, supplementary thereto,—it is made the duty of the Commanding General of this Military District to cause a registration to be made of the male inhabitants of the State of North Carolina, of the age of twenty-one years and upwards and qualified by the terms of said Acts to vote, and after such registration is complete, to order an election to be held at which the registered voters of said State shall vote for or against a Convention, for the purpose of establishing a Constitution and civil government for the said State, loyal to the Union, and for delegates to said Convention—and to give at least thirty days' notice of the time and place at which said election shall be held; and the said registration having been completed in the State of North Carolina, It is ordered:

First, That an election be held in the State of North Carolina, commencing on Tuesday, the 19th day of November, 1867, and ending on Wednesday, the 20th day of November, 1867, at which all registered voters of said State may vote "For a Convention," or "Against a Convention," and for delegates to constitute the Convention—in case a majority of the votes given on that question, shall be for a Convention, and in case a majority of the registered voters shall have voted on the question of holding such Convention.

Second. It shall be the duty of the Boards of Registration in North Carolina, commencing fourteen days prior to the election herein ordered, and giving reasonable public notice of the time and place thereof, to revise for a period of five days the registration lists, and upon being satisfied that any person not entitled thereto has been registered to strike the name of such person from the list; and such person shall not be entitled to vote. The Boards of Registration shall also, during the same period, add to such registers the names of all persons who at that time possess the qualifications required by said Acts—who have not already been registered.

Third. In deciding who are to be stricken from or added to the registration lists the Boards will be guided by the law of March 2d, 1867, and the laws supplementary thereto, and their attention is specially directed to the Supplementary Act of July 19th, 1867.

Fourth. The said election will be held in each County or District at such places as may hereafter be designated, under the superintendence of the Boards of Registration as provided by law, and in accordance with instructions hereafter to be given to said Boards in conformity with the Acts of Congress and as far as may be with the laws of South Carolina.

Fifth. All Judges and Clerks employed in conducting said election shall, before commencing to hold the same, be sworn to the faithful performance of their duties, and shall also take and subscribe the oath of office prescribed by law for officers of the United States.

Sixth. The polls shall be opened at such voting places at eight o'clock in the forenoon, and closed at four in the afternoon, of each day, and shall be kept open during those hours without intermission or adjournment.

Seventh. No member of the Board of Registration, who is a candidate for election as a delegate in the Convention, shall serve as a Judge of the election in any County or District which he seeks to represent.

Eighth. The Sheriff and other peace officers of each County are required to be present during the whole time that the polls are kept open, and until the election is completed; and will be made responsible that there shall be no interference with Judges of elections, or other interruption of good order. If there should be more than one polling place in any County, the Sheriff of the County is empowered to make such assignments of his deputies, and other peace officers, to the other polling places, as may, in his judgment, best subserve the purposes of quiet and order; and he is further required to report these arrangements in advance to the Commander of the Military Post in which his County is situated.

Ninth. Violence, or threats of violence, or of discharge from employment, or other oppressive means to prevent any person from registering, or exercising his right of voting, is positively prohibited, and any such attempts will be reported by the Registrars or Judges of elections to the Post Commander, and will cause the arrest and trial of the offenders by military authority.

Tenth. All bar rooms, saloons, and other places for the sale of liquors by retail, will be closed from 6 o'clock of the evening of the 18th of November, until 6 o'clock of the morning of the 21st of November, 1867, and during this time the sale of all intoxicating liquors at or near any polling place is prohibited. The police officers of cities and towns, and the Sheriffs and other peace officers of Counties, will be held responsible for the strict enforcement of this prohibition, and will promptly arrest and hold for trial all persons who may transgress it.

Eleventh. Military interference with elections "unless it shall be necessary to repel the armed enemies of the United States, or to keep the peace at the polls," is prohibited by the Act of Congress approved February 25th, 1865, and no soldiers will be allowed to appear at any polling place, unless as citizens of the State they are qualified and are registered as voters, and then only for the purpose of voting; but the Commanders of Posts will keep their troops well in hand on the days of election, and will be prepared to act promptly if the civil authorities are unable to preserve the peace.

Twelfth. The returns required by law to be made to the Commander of the District of the results of this election, will be rendered by the Boards of Registration of the several registration precincts through the Commanders of the Military Posts in which their precincts are situated, and in accordance with the detailed instructions hereafter to be given.

Thirteenth. The number of delegates to the Convention is determined by law and is the number of members of the most numerous branch of the Legislature for the year eighteen hundred and sixty, and this number, one hundred and twenty, is apportioned to the representative Districts of the State in the ratio of registered voters as follows:

RAILROADS.

ATLANTIC & N. C. RAILROAD
AND
NORTH CAROLINA
GRAND TRUNK RAILROAD,

From Charlotte and all Points on the N. Carolina and its Connecting Railroads, to the Seaboard at Newbern and Morehead City.

THE STATE OWNS THREE-FOURTHS OF the North Carolina Railroad and three-fourths of the Atlantic & N. C. Railroad. This is the

STATE LINE,

To its OWN SEAPORTS and on its OWN ROADS. All other lines are in opposition.

A six per cent dividend on this line will save the people from taxation $180,000 per annum.

Under a resolution of the Stockholders of the N. C. Railroad, all Freights are to go via Goldsboro', unless otherwise specially directed by shippers.

When at Goldsboro', you are only sixty miles from the shipping point, instead of one hundred and sixty via Weldon, and eighty via Wilmington. Our Steamers are equal to any other line, both for Freight and Travel. Time as short as by any other, and as cheap.

THIS is the Line

To ENCOURAGE. You get dispatch, safety, but one handling, and less Railroad transportation than by any other line.

Three-fourths of the PROFITS made on this line go directly into the STATE TREASURY, and if encouraged, you will soon be relieved from heavy taxation at least two hundred and ninety-five thousand dollars.

The Railroads composing the N. C. GRAND TRUNK RAILWAY LINE have recently agreed to unite in a

GREAT THROUGH LINE

Route to all the Northern Markets, on equal terms and charges, via our own ports to and from the North.

Cars run through to all points without breaking bulk.

For information about shipping, apply to Messrs,

WHEDBEE & DICKINSON, Baltimore,
COCHRAN, RUSSELL & CO., Philadelphia,
BAKER BROTHERS, Boston,

NORTH CAROLINA
ALL STATE
RAILWAY LINES, (THAT USED TO BE!)

THE OLD RALEIGH & GASTON RAIL ROAD, THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD, UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R.!

WE inaugurated and are the *Great through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of Shippers, North and South, for the last ten years, as the *ten Thousand* Shippers in North and South Carolina will testify. We paid the State near Seven Hundred Thousand Dollars for her Interest in this Road—thereby saving the people from Taxation for all time to come $40,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

NOTICE!

The Great Inland Air Line Freight
ROUTE,

Via THE RALEIGH & GASTON RAIL ROAD,

is the Short Line for Shippers, and you are *required* so to direct your *Freights*, or they will be taken by another Route!

To Insure your Freight being carried over this *Great* Inland Air Line safely, direct your consignees to mark your Freight, Care of Rail Road Agent, Portsmouth, Va., or City Point Va., via *Raleigh & Gaston Rail Road*, and to ship as follows:

THE FIRE EXTINGUISHER.

This Portable, Self-Acting Fire Engine

IS OFFERED TO THE Public as a ready, certain and speedy means of preventing LARGE CONFLAGRATIONS.

Until the invention of the
Portable, Self-Acting Fire Engine,

Fires have been met by means too slow, too late and too cumbrous. But few persons in this country have the advantage of large hand or Steam Fire Engines, and those few often suffer a total loss of their property by reason of the great length of time consumed in sending for and getting them into working order.

BUT NOT SO WITH THE FIRE EXTINGUISHER,

which, being kept charged and standing in your House, Store or Factory, is always

Ready for Instant Service.

The fire can be extinguished and your property saved without loss or damage, or even an alarm of Fire.

The first few minutes of conflagration decide the fate of the property; "a little fire is quickly put out, which, being suffered, rivers cannot quench."

THE EXTINGUISHER, being very simple in its operation, and entirely self-propelling, requires no previous skill or practice to operate it, and being so light, portable and self-acting, is capable of being used in any place, by any person, male or female.

It puts out all fires, arising from whatever cause.

You are saved from the immense water damage caused by large Engines.

You can effect insurance on your property

At Lower Rates,

if protected by the Extinguisher.

The Extinguisher is no humbug, as thousands of good men in Europe and America will testify.

I have already put these little Engines into some of our best Factories and largest Schools in N. C.

No House, Store, Factory, or Corporation is safe without them.

The price is as nothing, compared with the protection they afford.

Send for a Circular.
